

**Pennsylvania Center For  
ADAPTED SPORTS**

**OUR MISSION:** To improve the health and well being of people with disabilities.

**WHAT WE DO:** The center offers a range of competitive and lifestyle sports, health and wellness activities and fitness programs, including cycling, rowing, climbing, sailing, kayaking, skiing, triathlon, hockey, swimming, yoga, and more.

**HOW WE DO IT:** A large network of volunteers makes it possible to provide an inclusive environment designed to focus on a common love of sport rather than a person's disability.

**WHY WE DO IT:** We recognize that sports and recreation are an essential ingredient to the physical and mental well being of any individual. By providing specialized equipment and making adaptations where necessary, the Center makes it possible for our athletes to derive all the benefits of sport participation, including better health, improved self-esteem and dynamic social interactions.

**PROGRAM SNAPSHOT:**

A not for profit, 501(c)-3, operating since 1985.

Serving 500 individuals with disabilities annually.

Service Population Breakdown:

95% permanent physical disability

5% cognitive disability

Age range: 4 and up.

Including Veterans and Active Duty Military personnel with disabilities.

200 volunteers commit 15,000 hours annually.

**HOW YOU CAN HELP:** Your support enables us to provide state of the art technology and programs to our users and expand our service area to reach underserved populations.
